

# S Club 7, Down At Club S

To the S

Where do you wanna go  
When your life's in a mess?  
Where do you wanna be  
When your brain's under stress?  
Be what you can be  
'cause you can impress  
Down at Club S (Club S, yeah!)

Take a ticket to your life  
And fly far from home  
You can take a chance  
You won't be alone  
Be what you can be  
'cause you can impress  
Down at Club S

CHORUS:

C.L.U.B, place you wanna be  
C.L.U.B, place you wanna be  
C.L.U.B, place you wanna be  
C.L.U.B, place you wanna be

Where do you wanna be  
If you feel like a star?  
We'll take you all the way  
No matter how far  
There's a method in the madness  
Never the less  
Down at Club S

Where do you wanna be  
Where words can't express?  
Everybody knows  
That life can depress  
Come on to the place  
Where you can impress  
Down at Club S  
Yeah
