

# S Club 7, Goodbye Is Forever

I tried so hard  
to say goodbye  
but now  
I won't let myself cry  
I'm gonna  
walk away  
no fear on my face

CHORUS:

Don't make me say  
Don't make me cry again  
Don't stop my smile  
It's just a little while  
but Goodbye  
Goodbye is forever

I can't let go  
of the smiles and the pain  
I can't leave you  
it's not the same  
just one more kiss  
before I go  
But I won't shed a tear

CHORUS

And I  
can't live without you near  
Just gotta hold back  
these stubborn tears  
I never said  
a single word  
but I hope you know

CHORUS

Oh  
Goodbye, no I won't say  
Goodbye, I can't take the pain  
no Goodbyes  
I'll see you again

Goodbye  
is forever  
Goodbye  
no, never  
Goodbye
