

S Club 7, Viva La Fiesta

All:

Ooohviva la fiesta

Jo/All:

Dancin' in the moonlight
Until the break of day, just
Let the rhythm take control
Can you feel the spirit
I know that you can hear it
There's a fever in your soul

Jo:

Take a chance
Come on and dance, dance, dance
We're gonna salsa yeah
We're getting down tonight
Everybody
Come on and join the party
Where the music never stops

Chorus:

Don't wait up
I just wanna party forever
Never Stop
Everybody's dancing together
Don't wait up
I just wanna party forever
Never Stop
Viva la fiesta

All:

Oooh viva la Fiesta
Oooh viva la Fiesta
Viva la fiesta

Jo/All:

When you get that feeling
You're dancing on the ceiling
Let the rhythm take control
Everybody's staying
The music keeps on playing
There's a fever in your soul

Jo:

Take a chance
Come on and dance, dance, dance
We're gonna salsa yeah
We're getting down tonight
Everybody
Come on and join the party
Where the music never stops

Chorus:

Don't wait up
I just wanna party forever
Never Stop
Everybody's dancing together
Don't wait up
I just wanna party forever
Never Stop
Viva la fiesta
