

S Club, Goodbye Is Forever

I tried so hard
to say goodbye
but now
I won't let myself cry
I'm gonna
walk away
no fear on my face

CHORUS:

Don't make me say
Don't make me cry again
Don't stop my smile
It's just a little while
but Goodbye
Goodbye is forever

I can't let go
of the smiles and the pain
I can't leave you
it's not the same
just one more kiss
before I go
But I won't shed a tear

CHORUS

And I
can't live without you near
Just gotta hold back
these stubborn tears
I never said
a single word
but I hope you know

CHORUS

Oh
Goodbye, no I won't say
Goodbye, I can't take the pain
no Goodbyes
I'll see you again

Goodbye
is forever
Goodbye
no, never
Goodbye
