S Club, Goodbye Is Forever

I tried so hard to say goodbye but now I won't let myself cry I'm gonna walk away no fear on my face

CHORUS:

Don't make me say Don't make me cry again Don't stop my smile It's just a little while but Goodbye Goodbye is forever

I can't let go
of the smiles and the pain
I can't leave you
it's not the same
just one more kiss
before I go
But I won't shed a tear

CHORUS

And I can't live without you near Just gotta hold back these stubborn tears I never said a single word but I hope you know

CHORUS

Oh Goodbye, no I won't say Goodbye, I can't take the pain no Goodbyes I'll see you again

Goodbye is forever Goodbye no, never Goodbye
