

S Club, Spiritual Love

Love (love)
Love (love)
Love (love)

Now let me start this if home is where the heart is
With her I feel at home and even when we're apart
It's strange but I can feel her presence beside me
So in a sense one could say that she guides me
Now I'm remembering the first time I saw her
Feeling this vibe or whatever let's say aura
But I never would have thought, see I never could have known
Outta one chance glance all of this could have grown
And that's the beauty of it you see it grows and it's natural (natural)
What can I say in every way we're compatible
Talk is cheap at times we don't speak (that's right)
Cause we're engrossed in thoughts that are deep
It's like 2 hearts, 2 minds, 2 bodies, 2 souls
Making one whole, now it's gotta be told
That what we have is more than just physical
Don't be so cynical, we got a spiritual love

Feels so natural (oh natural)
More than physical (c'mon S Club in the house) (physical)
Spiritual love (we got a spiritual love)
Feels so natural
More than physical
Spiritual love

(We got a) We got a love I can trust, let me tell you 'bout us
Underline the word love, see it ain't about lust
It's a spiritual love, oh, what a feeling (feeling)
Impossible to measure it, one can only treasure it
Sort of like a legacy, maybe it's my destiny
Maybe it's a test of me, to bring out the best in me
Who knows, who cares all I know is that there's
A reason for everything, or whatever fate may bring
See I didn't plan this some don't understand this
They try to play the role of thinking that's what a man is (oh oh oh)
To me she's more than just a fashion accessory
And I'll protect her by any means necessary
2 hearts, 2 minds, 2 bodies, 2 souls
Making one whole, now it's gotta be told
That what we have is more than just physical
Don't be so cynical, we got a spiritual love

Feels so natural (oh natural)
More than physical (physical)
Spiritual love (we got a spiritual love)
Feels so natural (spiritual love)
More than physical
Spiritual love

Hey, can you feel it, it's so natural
Oh do you mean it, you know you mean it baby
We've got a spiritual love

Feels so natural
More than physical
Spiritual love
Feels so natural
More than physical
Spiritual love
