

# S.O.A.P., Live Forever

La la la  
La la la  
La la la (uh uh)  
La la la  
Since I met you baby  
We've been connected somehow  
We don't tell each other why  
I just look into your eyes  
And see a new day coming  
You must be blessed with something  
I'm so happy I could cry  
'Till we enter paradise  
We'll live forever  
That's my belief in you and I  
We'll stick together  
We'll live forever  
That's my belief in you and I  
We'll stick together (we're gonna live forever)  
La la la (forever uuuh)  
Na na na na na na na  
Until the end of all time  
I'm gonna be by your side  
We don't need a second try  
I just know within my mind  
I feel the world is turning  
Deep in my heart I'm burning  
I'm so happy I could cry  
'Till we enter paradise  
We'll live forever (forever)  
That's my belief in you and I  
We'll stick together (stick together)  
We'll live forever (forever)  
That's my belief in you and I  
We'll stick together (stick together)  
We'll live forever (forever)  
That's my belief in you and I  
We'll stick together (stick together) (na na na na)  
We'll live forever (forever)  
That's my belief in you and I  
We'll stick together (stick together) (gonna live forever)  
Until the end of time (na na na na)  
May this be written in your mind (forever uh)  
(na na na na na na na na)  
In all kinds of weather (la la la)  
People like us are meant to live forever (forever oh)  
(na na na na na na na na)  
Meant to live forever  
When ever life strikes you down  
Be asured I'll be around
