

# S.O.S. Band, What's Wrong With Our Love Affair

Tell me, darling  
What's wrong with you  
Now you've been fussin' at me the whole day through  
You know we go through changes each and everyday

Maybe, maybe we can work it out  
Maybe, maybe we can work it out  
Maybe, maybe we can work it out someway

Tell me  
What's wrong with our love affair  
Tell me  
What's wrong with our love affair

I work hard all day, then play my music at night (I know)  
When I come home to you  
I don't wanna, I don't wanna fuss and fight  
'Cause we go through changes each and everyday

Maybe, maybe we can work it out  
Maybe, maybe we can work it out  
Maybe, maybe we can work it out someway

Tell me  
What's wrong with our love affair  
Tell me  
What's wrong with our love affair

Darling, it's you  
It's you  
It's you  
It's you

Maybe I'm wrong, maybe it's me  
(I'll do all I can do for you)  
And girl I'll be good to you  
Can't you see (Can't you see)  
Just, just what you're doin' to me

Tell me  
What's wrong with our love affair  
Tell me  
What's wrong with our love affair [Well]

Oh...some times I'm wrong, some times I'm right, girl  
(Ooh, sometimes I'm right, but it could be wrong sometimes)  
You know what (You know baby) looky here  
We are good for each other (Yes, we are good for each other)  
We were meant to be together, well  
We are good for each other (We are good, we are good, we are good for each other)  
We were meant to be together
