

S.T.U.N., Annihilation Of The Generations

Desperation.. Desperation..
Desperation.. Desperation..

What do you do?
What do you do?
When it comes for you?
There go the generations
There we all go

More pills for you,
More pills for you.
Because there's nothing to do.
There go the generations
There we all go

Here come the drifters
(This is invasion)
Into the rich neighborhoods now
Overpopulation! Disaster!
Has come for its master
(That only protect the few)
And now the unprotected is you
(This is invasion of annihilation)

There go the generations
Annihilation...
