

Sabrina Carpenter, Alone Together

I dare you to love me
The pretty and the ugly
If you're alone, I'll make it better
We could be alone together

Oh, I could really like it
Maybe we could carve it in the woods
Oh, flowers in the springtime
Love me in the meantime, wish you would

But if we're all alone in a crowded room
Maybe we could be alone, just me and you
Baby, if you jump, then I'll jump too

I dare you to love me
The pretty and the ugly
If you're alone, I'll make it better
We could be alone together

Oh, strangers in the nighttime
There's never a right time to say hello/sing along
Yeah, everyone's your best friend 'til you get to know them
But I know you

And if we're all alone in a crowded room
Maybe we could be alone, just me and you
Baby, if you jump, then I'll jump too

I dare you to love me
The pretty and the ugly
If you're alone, I'll make it better
We could be alone together

I dare you to love me
The pretty and the ugly
If you're alone, I'll make it better
We could be alone
We could be alone
We could be alone together
