Sabrina Carpenter, Alone Together

I dare you to love me The pretty and the ugly If you're alone, I'll make it better We could be alone together

Oh, I could really like it Maybe we could carve it in the woods Oh, flowers in the springtime Love me in the meantime, wish you would

But if we're all alone in a crowded room Maybe we could be alone, just me and you Baby, if you jump, then I'll jump too

I dare you to love me The pretty and the ugly If you're alone, I'll make it better We could be alone together

Oh, strangers in the nighttime There's never a right time to say hello/sing along Yeah, everyone's your best friend 'til you get to know them But I know you

And if we're all alone in a crowded room Maybe we could be alone, just me and you Baby, if you jump, then I'll jump too

I dare you to love me The pretty and the ugly If you're alone, I'll make it better We could be alone together

I dare you to love me
The pretty and the ugly
If you're alone, I'll make it better
We could be alone
We could be alone
We could be alone together
