

# Sabrina Starke, Do For Love

It's that four letter word we all know  
ever felt or shown at one time  
found and lost at some time  
but when you find it, you should keep it  
Simply cherish it, just like a best friend  
It's that four letter word, the original peacemaker  
that's universal and strong  
and with it, you can never go wrong  
cuz now you know, the next time around  
cuz when you call upon it, make sure to pass it on  
So go ahead and...

## Chorus

Do for love  
like you can do  
nothing else  
no more

Sing for love  
like your favorite song  
playing on the radio

Stand for love  
like you haven't stood for anything  
in life before

In the name of love  
let's sing this song  
do it all in the name of love

## Verse 2

All the fame and all the riches  
will one day fade away  
while that everlasting word  
will always stay  
through the ages and the years  
cuz when you want it, it appears  
cuz it will never fail you  
so bear with me, go ahead now...

## Chorus

Do for love  
like you can do nothing else  
no more

Sing for love  
like your favorite song  
playing on the radio

Stand for love  
like you haven't stood for anything  
in life before

In the name of love  
let's sing this song  
do it all in the name of love...

## Bridge

It is what we need more of  
in this world today

it is love that will take away  
all the ugliness we see  
so just let it be....

Ooo ooo ooo...

### Chorus

Do for love  
like you can do nothing else  
no more

like your favorite song  
playing on the radio

Stand for love  
like you haven't stood for anything  
in life before

In the name of love  
let's sing this song  
do it all ....
