

Sacred Steel, True Force Of Iron Glory

The sound of true metal
religion and force
the grinding of immortal steel
is taking your course
surrender to power
and fall to your knees
this sanctuary of might
will kill the disease

Scream fall cry
do not repent or deny
all die
no time to run time to hide

True force of iron
glory of steel
bonded by metal
metal is all that is real

Deliver pure violence
deliver pure speed
we are the victor the glory is ours
our call you take heed
