

# Sadus, Fuel

One way promise me - Hope I disagree  
They'll lie inherit me - No honesty now I do agree  
Hope - Fear - Desire  
My time is their gain  
I will achieve despite the inhuman lie again  
Faceless - Bastard wins  
Fuel by fire  
Deception is their tool - A vehicle with no rule  
A trust built on emptiness - A covenant of uselessness  
No priority above life  
We'll do without what they won't do for me  
It's they're loss now  
Identified by empty hand their gain is me now  
Fuel by fire
