

# Sadus, Good Rid'nz

Struck down in a flash of pain  
Killed swiftly in its own domain  
Struggling for what is left  
Brutal shock, dismemberment  
Ineffective attempts to flee  
Body stuck to an instant grave  
Makes no difference left to be  
Can't you see the life in me is draining away?  
Destiny calls  
Don't fall  
Impending death  
Struggling to be  
Now freed  
Life passed on  
A million times struck down  
Body becomes fused to the ground  
Mangled body  
Flattened corpse  
Stench of rot  
Hammered carnage  
Crusting thing  
Maggots breed  
Degenerate  
Mortified  
Disintegrate  
Eroding bone  
Melts to stone  
Collapse to dust  
Good riddance  
Struck down in a flash of pain  
Killed swiftly in its own domain  
Struggling for what is left  
Brutal shock, dismemberment  
Ineffective attempts to flee  
Body stuck to an instant grave  
Makes no difference left to be  
Can't you see the life in me is draining away?  
Good riddance
