

Saga, You And The Night

Feel like
Feel like
I'm falling
Falling in-falling out
Feel like
Feel like calling
Calling out for some kind of help
Only you
You and the night
Only you,
Can help me tonight
Only you
You and the night
Only you
Can help me tonight
Feel like -feel like I'm drowning
Reaching up for someones hand
To pull me out
And I feel as though it's time I told you
Just how much I need to feel your love
Only you
You and the night
Only you
Can help me tonight
Only you
You and the night
Only you
Can help me tonight
Only you
You and the night
Only you
Can help me tonight
Only you
You and the night
Only you
Can help me tonight
