

# Saint, Lost

Hot rocking  
Dressed to kill my face on a dollar bill  
Those were the best days of my life  
I'm just a prisoner of the past  
I'm gonna make it I can last  
The hourglass has turned to stone  
On this earth to roam alone

[Bridge:]

Won't you help me  
Yes I'm beggin you today  
And I know your gonna say  
That I'm

[Chorus:]

Lost in the eighty's  
Van Halen Boulevard  
When Schenker rocked the world  
I wanna be a rock star  
Into the valley  
The valley of the Priest  
Black leather  
All studs

Arena's number 1

Those were the best years of my life  
I'm just a prisoner lost in time  
Looking for something I can't find  
I put the Metal to the test  
I'm wanna rock I'll never rest

[Bridge & chorus]

God or the devil...
