

# Saliva, Bleed For Me By Saliva, From The Daredevil

All I ever wanted  
Was to be at your service  
But now I'm alone  
Cause you were here and you're gone  
And all I ever wanted  
Was to feel I had a purpose  
But now it's all gone  
But if you could give me  
Just one love  
Just one life  
Just one chance to believe in mine  
Just one love  
Just one life  
You bleed for me  
And I didn't get to notice you  
Now I'm stuck out of line  
Yea, You bleed for me  
I didn't get to be with you  
Now you're stuck in my mind  
All I ever wanted was to be all you needed  
'Cause something so strong  
It could never be wrong  
And all I can promise  
Is to say what I'm feeling  
We've made it so long  
But if you could give me  
Just one love  
Just one life  
Just one chance to believe in mine  
Just one love  
Just one life  
You bleed for me  
And I didn't get to notice you  
Now I'm stuck out of line  
Yeah, you bleed for me  
I didn't get to be with you  
Now you're stuck in my mind  
(solo)  
Just one love in my life  
You bleed for me  
And I didn't get to notice you  
Now I'm stuck out of line  
Yeah, You bleed for me  
I didn't get to be with you  
Now you're stuck in my mind  
You bleed for me  
Why won't you bleed for me  
Why won't you bleed for me  
Bleed for me  
Just one love in my life  
You bleed for me  
Why won't you bleed for me  
Why won't you bleed for me  
Bleed for me  
Just one love in my life
