Saliva, How Could You?

I'm addicted to Everything you do I'm dying inside Your sucking me down It makes me feel. I'm gonna drown It's killing me now All you do is bring me down All this time and all your lies It has to be no surprise Now I realize it now

How could you cheat on me

Then turn your back on me

You told me all the lies and hypnotized and I believed

How could you cheat on me Then turn you back on me

You told me all the lies and hypnotized and I believed I'm coming to know all the secrets that you hold You think I'm a fool and I don't know what you do

But I look in your eyes and I finally realize

In all this time and all your lies

It has been no surprise now I realize and now

How could you cheat on me Then turn your back on me

You told me all the lies and hypnotized and I believed

How could you cheat on me Then turn you back on me

You told me all the lies and hypnotized and I believed

And now with all your pride

You still can't look me in the eyes

And now in all your shame

You can't even speak my name

How could you cheat on me

Then turn your back on me

You told me all the lies and hypnotized and I believed

How could you cheat on me Then turn you back on me

You told me all the lies and hypnotized and I believed

I'm addicted to every single thing you do

I'm dying inside....
