Saliva, Rest And Pieces

Look at me, my depth perception must be off again Cause this hurts deeper than I thought it did It has not healed with time It just shot down my spine _ You look so beautiful tonight Remind me how you laid us down And gently smiled before you destroyed my life Would you find it in your heart To make this go away And let me rest in pieces Would you find it in your heart? To make this go away And let me rest in pieces Would you find it in your heart? To make it go away And let me rest in pieces Look at me, my depth perception must be off again You got much closer than I thought you did I'm in your reach You held me in your hands But could you find it in your heart? To make this go away And let me rest in pieces Would you find it in your heart? To make it go away And let me rest in pieces
