

# Sam Brown, I Forgive You

Oh my love, I have tried many times to convince myself.  
But you'll never change, maybe I could be happy with someone else.  
But here you are, at my door.  
Baby lets end this crazy war.  
I forgive you x2  
I forgive you baby  
Oh it's alright, I'll take you back again.  
Oh I'll take the blame, I wouldn't let you.  
I forgive you  
You say don't stand for abuse  
But I gave you everything  
What do I have to lose  
I know he hurt me, I hurt him  
Sometimes I don't deserve him  
But he loves me and I love him  
That's the way we live baby  
Oh it's alright  
I'll take you back again  
Oh I'll take the blame  
I wouldn't let you  
I forgive you x3  
Oh it's alright  
I'll take you back again  
Oh I'll take the blame  
I wouldn't let you  
I forgive you  
Oh I can't stop this happening anyway x2  
Oh hey  
I forgive you oh baby x2
