

# Sam Nicosia, Love Ain't Fair

Sam Nicosia

When was the time we needed the most  
What was the thing you needed to boast  
What were the chances you needed to tell  
And why don't you tell me you're under a spell  
Cause you like him, but you didn't care  
I told you before that, love ain't fair

Cause you love him  
You don't like me  
You cheated them  
Like you treated me  
Love ain't fair babe  
Love ain't fair  
You don't need to tell me, how to care

Why was he the one you needed to love  
Before you had peace like a dove  
I thought you were my soul mate  
But for her now I'll have to wait  
You brightened my life so now I say  
Why don't you come back to me now babe

Cause you love him  
You don't like me  
You cheated them  
Like you treated me  
Love ain't fair babe  
Love ain't fair  
You don't need to tell me, how to care

There was someone else in your life  
He's the one I despise  
Now I see everything plain and clear  
I find someone else to be near

Cause you love him  
You don't like me  
You cheated them  
Like you treated me  
Love ain't fair babe  
Love ain't fair  
You don't need to tell me, how to care

Cause you love him  
You don't love me  
You treated him  
And you cheated me  
Love ain't fair baby  
Love ain't fair  
You don't need to tell me, how to compare
