

Sam Phillips, Beyond Saturday Night

Verse 1:

What do you see when they finally turn out the light
What do you hear when the music is stopped for the night
Is there an answer
Or just a dancer leaving an empty stage

Chorus:

Did it take you, did it get you beyond Saturday night
Did it take you, did it get you beyond Saturday night

Verse 2:

What can you try when you think that you've tried it all
And where do you lean when you think you're about to fall
Oh, will it sustain you
Or will it chain you to a revolving wheel

Chorus:

Can it take you, can it get you beyond Saturday night
Can it take you, can it get you beyond Saturday night

Verse 3:

Can you believe that the longing you felt inside
Could find its rest in a man who was crucified
Oh, He won't deceive you
And He'll never leave you even when life is through

Chorus:

He can take you, He can get you beyond Saturday night
Oh, He can take you, He can get you beyond Saturday night
Oh, let Him take you, let Him get you beyond Saturday night
Oh, let Him take you, let Him get you beyond Saturday night
