

Sam Phillips, Dancing With Danger

Verse 1:

Raised with a Bible in your hand
You met your parents' strict demands
But now that sweet religious child
Is like a hurricane gone wild

Chorus:

And you're dancing
Dancing with danger
Lies from a stranger
Waltz inside your head
(Oh) You've got your back to
The One who really loves you
But you can't stop because you
Can't see what's ahead

Verse 2:

No liquor and no cigarettes
Are rules you're learning to forget
But it's not so much the outward part
'Cause God is looking at your heart

Repeat Chorus

Instrumental

Verse 3:

You've danced yourself out on a ledge
Your dreams are falling off the edge
God never wanted it that way
He wants to shake your fears away

Repeat Chorus (twice)
