

Sam Phillips, Gina

Verse 1:

Gina, broken soul
Hollywood took its toll
Gina, I wanted to
Let you know God cared for you, but...

Chorus:

I never found the time
Never made my mind up to tell you
And now it's way too late
I never should have waited
Oh, Gina

Verse 2:

Gina, they found you dead
You burned to death, the paper said
Gina, the day before you died
You were on my mind, and I don't know why

Repeat Chorus

Bridge:

I wish I could bring you back but I can't
I'd give my life for a second chance
'Cause I wanna find the time
Wanna make my mind up to tell them
But for you it's way too late
I never should have waited
Oh, Gina
