

Sam Roberts, Don't Walk Away Eileen

Don't walk away Eileen!
I've been livin' for you since the age of seventeen
Don't walk away Eileen!
You've been tellin' lies and now it's time to come clean
Hey! You come around and I
Hey! You come around and I
Hey! You come around and I can't keep time
Hey! You turn around and I
Hey! You turn around and I
Hey! You turn around and I'm left behind
Eileen says I'm a boy, not a man
Cryin' on the corner with my head and my hands
I called her name and she ran
Slippin' through my fingers like a fist full of sand
Hey! You come around and I
Hey! You come around and I
Hey! You come around and I lose my head
Hey! You turn around and I
Hey! You turn around and I
Hey! You turn around and I'm left for dead
And she reads my mind when I'm sleepin'
And she always arrives when I'm leavin'
Yeah, she's blocking out the sun it seems
You're a pacifist with a gun, Eileen
Hey! You come around and I
Hey! You come around and I
Hey! You come around and I can't keep time
Hey! You turn around and I
Hey! You turn around and I
Hey! You turn around and I'm left behind
Hey! You come around and I
Hey! You come around and I
Hey! You come around and I lose my head
Hey! You turn around and I
Hey! You turn around and I
Hey! You turn around and I'm left for dead
Don't walk away Eileen!
Don't walk away Eileen! (repeat until end)
