

# sam tompkins, Time Will Fly

you're gonna meet some new friends  
but one'll die  
then you're gonna be depressed  
and that's fine  
you may even find love  
a few times  
then you're gonna break up  
but that's life  
you're out weekly  
now you're only sixteen  
on ship street  
working on a big dream  
to make an ep  
and throw it on a CD  
then radio  
on repeat

you were right  
you did everything that you said you would do  
so don't try  
to give it up that's what they want you to do

time will fly  
run away from you  
and it's alright  
it's what you're made to do  
you will cry  
but that's what's taken you  
to one whole night  
where you don't have pain in you

you're gonna meet your hero  
you know the guy  
yeah, you're gonna go far  
that high  
people will sell you dreams enough times  
but you'll read the tc's and dotted lines

you know why  
you're playing those strings in the morning til the  
late night  
putting in work cos it's all you knew

time will fly  
run away from you  
and it's alright  
it's what you're made to do  
you will cry  
but that's what's taken you  
to one whole night  
where you don't have pain in you

(talking)

I think it's a shame that you can't talk to your younger self cause a lot of the time when i was young

(time will fly)  
time will fly  
(run away from you)  
run away from you  
(and it's alright)  
it's alright  
(it's what you're made to do)  
it's what you're made to do

(you will cry)  
you will cry now  
(but that's what's taken you)  
that's what's taken you to  
one whole night  
where you don't have pain in you
