

Same Difference, I Need A House

Finding me, finding truth
Finding love in a changing world
Finding peace, in simplicity
Finding out where i come from
Finding courage, finding faith
Finding acceptance in a narrow space
Finding time, when time has gone
Finding out what going on

Chorus

I need a house, I need a room
I need a bed to sleep in
I need a coffee and a kitchen sink
I need a friend, I need a love, I need someone who'll miss me

When I get home

Don't wanna be alone

Finding the gate, finding the door
Finding the streets I used to walk before

When I was free, when I could see

When I was crazy

I wish somebody told me that

Chorus

I wonder, what about reality
I wonder who'll be staring at me

When I look into my mirror

Mmm mmm mmm

I wonder what love means
