

Samiam, If You Say So

wonder if i'll ever get ahead, i wouldn't mind, it's only fair
don't know how much longer i can walk around pretending i don't care

(PRE CHORUS)

just a little bit, to feel at ease again
no more belly ache, no more humbling

(CHORUS)

if you say so (4x)

wonder why i worry so much all the time, if i can make my rent
guess you've never seen what i'd come home to if i had to move back in

(PRE CHORUS)

just a little lift, to feel on top again
no more phony grin, no more stumbling

(CHORUS)

if you say so (4x)

wonder if i'll ever get ahead, i wouldn't mind, it's only fair
don't know how much longer i can walk around pretending i don't care

(CHORUS)

if you say so (the rest of your life)
