

Sammy Kershaw, Chevy Van

I gave a girl a ride in my wagon
Now she crawled in and took control
She was tired as her mind was draggin
And I said get some sleep-and dream of rock and roll

Like a picture she was laying there
And moonlight dancing off her hair
She woke up and took me by the hand
She's gonna love me in my Chevy van
And that's alright with me

Her young face was like that of an angel
And her long legs were tanned and brown
Better keep your eyes on the road son
Better slow this vehicle down 'cause

'Cause like a picture she was laying there
And moonlight dancing off her hair
She woke up and took me by the hand
She's gonna love me in my Chevy van
And that's alright with me

I put her out in a town that was so small
You could throw a rock from end to end
A dirt road main street, she walked off in her barefeet
And it's a shame I won't be passin' through again

Like a picture she was laying there
And moonlight dancing off her hair
She woke up and took me by the hand
We made love in my Chevy van
And that's alright with me

Yeah like a picture she was laying there
And moonlight dancing off her hair
She woke up and took me by the hand
We made love in my Chevy van
And that's alright with me

All right with me
