

Sammy Kershaw, One Day Left To Live

I rolled out of bed, grabbed a cup of caffeine this morning,
Walked out the door, didn't even kiss you goodbye.
Hurryin to work, a car pulled out - no warning,
In an instant it all, flashed before my eyes.
And I'm gonna live the rest of my life,

Like I've got One Day Left To Live,
One night Left to Love you,
Starting right now,
I'm starting all over,
Doing what I should do,
Should this be my last, Or I've got 100 years,
From this day on, I'm gonna live my life,
Like I've got One Day Left to Live.

What a close call could've been all she wrote me,
I think I'll turn this car around and head back home,
There's a lesson to be learned and this it showed me,
Take nothing for granted--in a second it can all be gone.
And I'm gonna live the rest of my life,

Like I've got One Day Left To Live,
One night Left to Love you,
Starting right now,
I'm starting all over,
Doing what I should do,
Should this be my last, Or I've got 100 years,
From this day on, I'm gonna live my life...

Like I've got One Day Left to Live.
One night Left to Love you,
Starting right now,
I'm starting all over,
Doing what I should do,
Should this be my last, Or I've got 100 years,
From this day on, I'm gonna live my life...

Like I've got One Day Left to Live
