

# Sammy Kershaw, Your Tattoo

I got you under my skin a long time ago  
just a little tattoo  
to let the world know  
that there'd never be no one for me, but you  
but you turned out to be a bad headache  
then I found someone to take you place  
what am I gonna do with your tattoo

well it wont wash off or fade away  
and I'm stuck with you till my dyin day  
it's just a picture of a girl in her birthday suit  
in her cowboy hat and her cowboys boots  
I could go to the man and have it earased  
or have him put a mustache on your face  
oh what am I gonna do with your tattoo

When my baby sees you she starts to cry  
I tell her I love her  
she sayd its a lie  
cause she thinks you're the one  
i'm dreamin of  
then she gets mad at me and pounds on you  
untill my arm turns black and blue  
hey what am I gonna do with your tattoo

well it wont wash off or fade away  
and I'm stuck with you till my dyin day  
it's just a picture of a girl in her birthday suit  
in her cowboy hat and her cowboys boots  
I could go to the man and have it earased  
or have him put a mustache on your face  
oh what am I gonna do with your tattoo  
it wont leave me like you did  
what am I gonna dow with your tattoo
