Samson, It's Not As Easy As It Seems

Can you hear me? I ain't running away Don't think you'd save me Save me for a rainy day

You're just hanging on to a daydream It's not as easy It's not as easy as it seems

Would you take me
If I came back in a while
Or is your freedom
So much roll within a country mile

You're just drowning In a river full of tear drops I think it's high time High time for those tears to stop (stop, stop...)

SOLO

repeat 1st verse ("can you hear.....as easy as it seems")
