

Sanatorium, That Cunts Name Is Heather

Her drenched pussy has rotted from stench
fuck that whore - the nasty wench
as she walks the smell erodes the air
it melts skin and eats bone bare
when the slut bends over to bare her fly haven
you can see the mother fucker isn't shaven
what a nasty fuckin' bitch she is
her rotted cunt is cover with dried jiz

It's not enough to have a hole
she saves all her cum in a bowl
the sluts drinks it with her shit
her pussy lips are stuck to her clit

That cunt name is Heather
