

# Sanctus Real, Change Me

Did I change your mind with  
What I said last night?  
Did I break your heart by  
Straying so far?  
From what you have in mind  
For my life?  
Would you change me from  
Who I've been lately?  
'Cause I know I'm nothing  
Without you  
Did my words betray the  
Patience I once claimed  
Can't you see it in my face?  
I need your grace  
Would you change me from  
Who I've been lately?  
'Cause I know I'm nothing  
Without you  
Would you save me from  
The way I've been lately?  
'Cause I can't see living  
Without you  
Would you change me from  
Who I've been lately?  
'Cause I know I'm nothing  
without you  
Would you break me from  
The way I've been lately?  
'Cause I can't see living  
Without you
