

Sanctus Real, We Need Each Other

I think I caught a glimpse of
Life without friends
Bitter, empty, hollow, dark and lonely
We never meant to hurt each other
So Can't we trust again
And take it as a chance
To keep on growing

I don't know why it doesn't come easy
But I know that we could be happy
If we'd only learn to love

Oh oh we need each other
So what's the fighting for
Oh oh we need each other
Please don't close the door
Oh oh we need each other
Through all the highs and lows
Oh oh we need each other
Cuz no one's meant to live alone

Life revolves around the need
Of having someone
Causing every complicated feeling
Oh and I don't want to lose you
And there is nothing wrong with
Telling me what you need
To keep our love strong

It's just a part of being a family
Taking the good with the bad and the ugly
If we could only learn to love

Oh oh we need each other
So what's the fighting for
Oh oh we need each other
Please don't close the door
Oh oh we need each other
Through all the highs and lows
Oh oh we need each other
Cuz I don't want to be alone

Oh Oh we need each other
Fathers and Mothers
Oh oh we need each other
All your sisters and brothers
Oh oh we need each other
We need friends and lovers
Oh Oh we need each other

Well I need you
You need me
Cuz that's the way
It's meant to be
I need you
We need each other
(I don't want to be alone)
