Here are some Sandie Shaw songs that are closely related to Morrissey:

&#039;Please Help The Cause Against Loneliness&#039;

Please help the cause against loneliness  
Would you like to note my home address  
Please help the cause against loneliness  
Would you kindly note my inside leg  
I don&#039;t mind what time you come &#039;round  
If it&#039;s the daytime then I might be in bed  
I&#039;m so very young, I am so really really young

Please help the cause against loneliness  
Would you like a list of my dislikes  
There are people with problems  
I&#039;ve known this, I&#039;ve known this for years  
There are paupers and peers who have problems

I don&#039;t mind what time you come &#039;round  
If it&#039;s the weekend then I have to be dead  
I&#039;m so very young, I am so really really young  
I&#039;m so young, really really ...  
I am so young, I am so young

&#039;Steven (You Don&#039;t Eat Meat)&#039;

You said you came in off the street  
King of the promised land  
You offered me your heart I took your hand  
Now you go towards Albana  
To challenge our destiny  
How we tried  
You don&#039;t eat meat  
But you eat your heart out, Steven  
It&#039;s time to get even I&#039;ll make it up to you  
I&#039;ll go, I&#039;ll try  
With you in mind  
Oh Steven  
You dressed me in my [??]  
You in your Gladiolia  
Just like those other lifetimes  
At least that&#039;s what you told me  
The taste of reality was  
Such a hard, bitter-sweet pill  
You took to your bed again  
Oh, are you still ill?  
Are you still ill?  
You don&#039;t eat meat  
But you eat your heart out, Steven  
It&#039;s time to get even I&#039;ll make it up to you  
I&#039;ll go, I&#039;ll try  
With you in mind  
Oh Steven  
I have faith for both of us, you said  
I have faith for both of us  
You walked in off the street  
King of the promised land  
You offered me your heart I took your hand  
You don&#039;t eat meat  
But you eat your heart out, Steven  
It&#039;s time to get even I&#039;ll make it up to you

You don't eat meat  
But you eat your heart out, Steven  
It's time to get even I'll make it up to you  
Oh Steven  
You little charmer...
