

Sandra, Angels In My Head

(Angels in my head)
(Angels in my head)

Love me
care and believe
that's all I need
feel me.
Turned inside out
dreaming out loud
so open up inside
you'll find it all inside.

I hear angels in my head
the keep on singing to me
saving you from ecstasy
I hear voices in my head
they whisper into my ear
keep you from crawling in too deep.

They keep - keep calling out your name
calling
your life - life it won't be the same
I hear angels in my head
(in my head)
voices in my head
(in my head).

Find me
I'm part of your mind
making me blind
hide me
Right behind you
keep shining through
so open up inside
you'll find it all inside.

I hear angels in my head
the keep on singing to me
saving you from ecstasy
I hear voices in my head
they whisper into my ear
keep you from crawling in too deep
they keep - keep calling out your name
calling
your life - life it won't be the same
I hear angels in my head
(in my head)
voices in my head
(in my head).

(in my head)
(in my head)

I hear angels in my head
the keep on singing to me
saving you from ecstasy
I hear voices in my head
they whisper into my ear
keep you from crawling in too deep
they keep - keep calling out your name
calling
your life - life it won't be the same
I hear angels in my head
(in my head)

Voices in my head
(in my head)

I hear angels in my head
(in my head)
