

# Sandra van Nieuwland, Hunter

I'm a hunter, but I won't hunt for you  
I'm a lover, keep my eyes closed  
I'm a runner, but I can't run from you  
I'm a sinker, in your waters

I crash, pick up the pieces oh well hey it's coming up  
You silently, my heart brings me to you  
My doors opening up for you, knock knock, it's coming up  
You silently, my heart brings me to you

I'm a liar, I keep the truth from you  
All alone in the dark with my heart going boom boom boom  
All desire, you leaving me for good  
Crystalling, reflections bend of the waters

I crash, pick up the pieces oh well hey it's coming up  
You silently, my heart brings me to you  
My doors opening up for you, knock knock, it's coming up  
You silently, my heart brings me to you

I'm a hunter, but I won't hunt for you  
I'm a lover, keep my eyes closed  
I'm a runner, but I can't run from you  
I'm a sinker, in your waters

I'm a hunter, but I won't hunt for you  
I'm a lover  
I'm a hunter, but I won't hunt for you  
I'm a lover, I'm a lover  
I'm a runner, but I can't run from you  
I'm a sinker, in your waters  
I'm a hunter, but I won't hunt for you  
I'm a runner, but I can't run from you
