

Santana / Steven Tyler, Just Feel Better

She said I feel stranded
And I can't tell anymore
If we coming or I'm going
It's not how I planed it
I've got the key to the door
But it just won't open

And I know, I know, I know
Part of me says let it go
That life happens for a reason
I don't, I don't, I don't
It goes I never went before
But this time, this time

I'm gonna try anything ta just feel better
Tell me what to do yeah

You know I can't see through the haze around me
And I do anything ta just feel better

And I can't find my way
God I need a change
And I do anything ta just feel better
Any little thing ta just feel better

She said I need you to hold me
I'm a little far from the shore
And I'm afraid of sinking
You're the only one who knows me
And who doesn't ignore
That my soul is weeping

I know, I know, I know
Part of me says let it go
Everything must have it seasons
Round and round it goes
And every day's a one before
But this time, this time

I'm gonna try anything ta just feels better
Tell me what to do
You know I can't see through the haze around me
And I do anything ta just feel better

And I can't find my way
God I need a change
And I do anything ta just feel better
Any little thing ta just feel better

I'm tired of holding on
To all things I ought to leave behind, yeah
It's really getting nowhere
I think I need a little help this time!

Yeah

I'm gonna try anything ta just feel better
Tell me what to do
You know I can't see through the haze around me
And I do anything ta just feel better

And I can't find my way
Girl I need a change
And I do anything ta just feel better

Any little thing ta just feel better
