

# Sara James, I tell everyone about you

See it in my heart (?)  
Staring at the mirror, trying to find it  
'Cause I know that I got it from you  
Mama said that she said too (?)

Lights on  
But there's no heat to the fire  
It dies slow  
But they still act all surprised

Where do I go?  
Fallin' in my head  
That's how every night goes  
Up in heaven do you tell 'em all about me?  
'Cause I tell 'em 'bout you  
I tell everyone about you  
I know that you're with me even when i'm going psycho  
'Cause I hear you up in heaven talking 'bout me  
So I tell 'em 'bout you  
I tell everyone about you

Feels like daydreaming  
Like yesterday  
Like sitting on your kitchen island, baking  
And now your garden's fading  
Never got to grow raspberries  
You believe in Jesus and aliens  
Crazy... but not to me

Where do I go?  
Fallin' in my head  
That's how every night goes  
Up in heaven do you tell 'em all about me?  
'Cause I tell 'em 'bout you  
I tell everyone about you  
I know that you're with me even when i'm going psycho  
'Cause I hear you up in heaven talking 'bout me  
So I tell 'em 'bout you  
I tell everyone about you

Hey yeah, I tell everyone about you  
Hey

Lights on  
But there's no heat to the fire  
It dies slow  
But they still act all surprised

Where do I go?  
Fallin' in my head  
That's how every night goes  
Up in heaven do you tell 'em all about me?  
'Cause I tell 'em 'bout you  
I tell everyone about you  
I know that you're with me even when i'm going psycho  
'Cause I hear you up in heaven talking 'bout me  
So I tell 'em 'bout you  
I tell everyone about you

Hey yeah, I tell everyone about you  
Hey  
I tell everyone about you
