

Sarah Blasko, Be Tonight

Darling, cover me with your palms
Feel the warmth feel the way to my heart
I have no secrets, nothing I'll deny, tonight

Say you've had enough of strength
And I just want to lead a good life
I'm scared, don't leave me to the lions, tonight

So darling don't sail away
Your love is all I have
And don't believe what they say
Just be tonight
This life is ours tonight

Darling, capture me with your charms
Leave the wealth of wait in my arms
I have no comfort without you
This world is not my home

Say you've had enough of strength
And I just want to lead a good life
I'm scared, don't leave me to the lions, tonight
Ooh

So darling don't sail away
Your love is all I have
And don't believe what they say
Just be tonight
This life is ours tonight

So darling don't sail away
Your love is all I have
And don't believe what they say
Just be tonight
This life is ours tonight

Just be tonight
Just be tonight
Just be tonight
Just be tonight
Tonight, tonight
Tonight, tonight
Tonight, tonight
Tonight...
