

Sarah Connor, Act Like You

Let's change the game
To a new situation
Somethin' you ain't anticipatin'
We gon' reverse the way we play
What's my name (Sarah)
Say it into my camera
All the things I'm gon' do to ya

I pull your hair and talk dirty
Say naughty things that you like
We'll go all night just xan't get enough
Baby you got my permission to be rough
If you don't mind
I scratch my back each time I hit it right

I wanna act like you
Act like you
Show me the things
You know Sarah would do for you
I wanna act like you
Act like you
And watch me do exactly what you want me to
I wanna...
I wanna...
I wanna...
I wanna...

Oh try not to scream
When I'm givin' it all I got
And you're just about at your spot
Let your face show the way you feel
Make me weak
Move it slow
'Cause I'm half way there
Catch my breath
Boy I need some air...
Ain't now stoppin' until I'm there...

I wanna act like you
Act like you
Show me the things
You know Sarah would do for you
I wanna act like you
Act like you
And watch me do exactly what you want me to
I wanna...
I wanna...
I wanna...
I wanna...

I pull your hair and talk dirty
Say naughty things that you like
We'll go all night just xan't get enough
Baby you got my permission to be rough
If you don't mind
I scratch my back each time I hit it right

I wanna act like you
Act like you
Show me the things
You know Sarah would do for you
I wanna act like you
Act like you
And watch me do exactly what you want me to

I wanna...
I wanna...
I wanna...
I wanna...
