

# Sarah Connor, Can't Get None

[Chorus:]

U like the cars, U want the stars no no no still can't get none  
U watch me ball, with all my dogs ya mad cuz ya can't get none  
When they bump my hits, it make U sick no no no U still can't get none  
U see the life, U want the life be mad  
Cuz ya can't get none  
Now I've got a little problem with  
Yall sit back, relax, listen to this  
Don't U hate when folks in yo biz  
Come on put your hands up if you heard me  
Can't stand a bugaboo, oh no  
Please don't hate me, please let me go  
Roll ya eyes when my clique roll by  
2 big black Mercedes drivin' U crazy  
We got to speed, ride, let's go, really  
Don't care if everybody knows  
Now we gon sell out big shows  
U wanna be down we still say no

[Chorus]

I don't understand a hater mind  
Why the hell they spend all the time  
Instead of their own they all worried bout mine  
Come on put your hand up if U heard me  
All I wanna do is shine with my girls  
Take long trips all around the world  
Worked a lot for the things we got  
That's the reason why we stay so hot  
We got to speed, ride, let's go really  
Don't care if everybody knows  
Now we gon sell out big shows  
U wanna be down we still say no

[Chorus 2x]

Come on put your hands up  
We ain't tryin' to hurt nobody this one here for all my shorties  
Just want yall to get yo money  
Cause I'm gon get mine and ah  
It's time for bigtym' and ah  
I ain't here no drama and y don't want to get me started  
Come on put your hands up  
We havin' a worldwide party invite U to move yo body  
Ain't nobody trippin', ain't nobody trippin'  
If ya all about fun and ah, come on over here and find U one  
Cuz tonite this it's so on it ya own fault if U can't get none  
We got to speed, ride, let's go, really  
Don't care if everybody knows  
Now we gon sell out big shows  
U wanna be down we still say no

[Chorus 2x]
