

# Sarah Connor, Hasta La Vista!

Verse 1:

we used to go out at night  
you were my friend with you  
it always felt so right  
we knew each other from the hood  
together looking good  
and there never was disrespect  
relationship was good, was the best I had  
'til you found these brand new friends  
it's hard to understand

Bridge:

When it's gone, then it's gone, you can't stop the time  
Oh no, I don't think so  
out of sight, out of mind, just leave it behind  
time to say goodbye

Chorus:

If I see you in the club with all your chicas  
Hasta la vista!  
If you only represent yourself amigo  
hasta la vista!  
I don't care if you dare to fake a gansta's life  
'cuz now my time has come to leave ya  
hasta la vista!

Verse 2:

You tell me you don't change  
you try to do me right  
you wanna rearrange  
but what is broken should be thrown  
away, oh, don't you know?  
so I leave it up to history  
but honestly, why should I really care, baby?  
whatcha wearing under your clothes  
I think I'll never know

Bridge

Chorus

C-Part:

So let me take another second tell you why  
I just don't like it so I kick it and say bye bye  
'cuz when a difference is between what you get and give  
it ain't gonna fit  
so let me take another second to tell you why  
I just don't like it so kick it and say bye bye  
'cuz when a difference is between what you get and give  
then I'm through with it

Chorus
