

Sarah Connor, I Want Some Of That

[Verse 1:]

First time I saw you
You looked at me and I could barely breathe
Couldn't keep my eyes off you
There was something in you that did something to me

[Bridge 1:]

I just knew I had to know your name
There was something about you, babe
And I said

[Chorus:]

I want some of that
I need some of that
Yes I'd love some of that love you've got, baby
I crave some of that
Wanna taste some of that
Won't you give some of that love to me, baby

[Verse 2:]

I walked behind you
Watching each move that your body made
Wished I was walking beside you
There was something in you that stole my heart away

[Bridge 2:]

I just knew I needed you so bad
You had something I had to have
And I thought

[Chorus]

[C-Part:]

I'll say it again
Want some of that love
Need some of that love
Love some of that love
You were everything that I wanted next to me
What could I do
I had to get with you
Get you into my life

[Verse 3:]

In a moment you'll reach out for me
And that moment will be so sweet
When you say

[Chorus]

I want some of that
I want some of that
I need some of that
Yes I'd love some of that love you've got, baby
I crave some of that
Wanna taste some of that
Won't you give some of that love to me, baby
