

# Sarah Connor, Let Us Come Together

[Intro:]

Hey boy, come on over here  
Let's shake it  
Let us come 2gether  
'Cause you're the one that I want  
Let us come together

[Verse 1:]

Do you like to know about what I do  
When I start with loving you  
Wildest dreams will come true  
Making love until the day is breaking  
Hold me tight the bed is shaking  
When we do what we do  
So let's go...

[Bridge:]

Breakin' it up, shakin' it up  
I'm gonna find out how do you wanna taste it  
Shakin' it up, breakin' it up  
I'm gonna make you scream tonight

[Chorus:]

When you're the one who's gonna blow my mind  
Let us come 2gether  
When love is all I wanna feel inside  
Let us come 2gether  
When passion rears its head again  
Let us come 2gether  
Won't you tell me that you feel the same  
Then we prove our love again

[Verse 2:]

Do you love to do the same as I do  
Get it up and feel it too  
Never have to be blue, no no  
Earthquake, love is good to fight a heartache  
Stir it up and try a remake  
Lights are flashing 'round you  
So let's go...

[Bridge]

[Chorus]

[Chorus 2:]

When appetite is what I feel inside  
Let us come 2gether  
When flames are dancing in my heart at night  
Let us come 2gether  
When all the world gets out of sight  
Let us come 2gether  
Won't you tell me that you feel the same  
Then we prove our love again

[C part:]

Baby, the time is right to see the light  
'Cause baby, tonight the stars are shining bright  
And maybe we will lose ourselves deep down inside  
Won't you tell me that you feel the same  
Then we prove our love again  
So get it up, pull your pants off and make it  
Let us come 2gether  
We'll never stop, take a chance

Don't you fake it  
Let us come 2gether  
'Cause every time it depends if you break it  
Let us come 2gether  
We're bringin' it up to the top and shake-a-shake it

[Chorus]

[Chorus 2]
