

Sarah Connor, Play

All alone
Been all alone for so long
Since he's been gone
I've been tryin' to
Make it on my own
Yeah it may be wrong
But tonight I know I
Can't be strong
I want someone
If you got what it
Takes then bring it
On yeah

I need your touch
Show me what you got
Let's play a game
Boy you make me hot

Baby
I don't wanna be
Alone at night
And Maybe
You're the man I'm
Takin' home tonight
I just wanna play...
I just wanna play...
Wanna play
I just wanna play...
I just wanna play...
Wanna play
I just wanna play

Come closer boy
What are you waiting for
I've seen you starin' at
Me on the floor
I'm meltin'
The way you look at me
And wantin' more Follow
'Cause you are what
I came here for, yeah

I need your touch
Show me what you got
Just name the place
Boy you make me hot

Baby
I don't wanna be
Alone at night
And Maybe
You're the man I'm
Takin' home tonight
I just wanna play...
I just wanna play...
Wanna play
I just wanna play...
I just wanna play...
Wanna play
I just wanna play

Baby
I don't wanna be
Alone at night

And Maybe
You're the man I'm
Takin' home tonight
I just wanna play...
I just wanna play...
Wanna play
I just wanna play...
I just wanna play...
Wanna play
I just wanna play
