

Sarah Connor, Sexy As Hell

Here we are in the studio
Feel it in the air
We're both ready to go
Like that
Conversation flows
Wanna take you
Some place where
Nobody knows

Not allowed
Got my man at home
So keep it cool
Try to act all grown
Please stop
Don't turn me on
Please stop
Don't turn me on

You're sexy as hell
Gimme your love
Gimme your love
While recordin'
Gimme your love
Gimme your love
I Can't hold it back
You're sexy as hell

I wanna sing about
All the things
That we think about
But it's not happenin'
I wanna take you to
Another place
Wanna dance all night
Wanna feel the bass

Pumpin' in my body now
Somethin' that will
Make me loud
Don't stop
'til I scream it out
I can't hold it back

I'm trippin because
I'm craving' your love
You got me to sing
I want it
Want it

I'm trippin because
I'm craving' your love
You got me to sing
I want it
Want it

You're sexy as hell
Gimme your love
Gimme your love
While recordin'
Gimme your love
Gimme your love
I Can't hold it back
You're sexy as hell

You need to make it stop
I'm not allowed to touch
I want it way too much
Your body and your mind
You do it everytime
You make me cross the line

You're sexy as hell
Gimme your love
Gimme your love
While recordin'
Gimme your love
Gimme your love
I Can't hold it back
You're sexy as hell
