

Sarah Connor, Under My Skin

VERSE 1:

You're not the type of man who shake my hand like nice to meet ya (cha)
You pull me in and then begin to let your body say
All is possible, now I know ooooh
The lights are dimmed and takes my limits off a million meters
You Breaking my chains again but nothing remains the same
Now I'm hypnotized, realized ooooh

CHORUS:

When we touch I can feel we've got a chemistry
Can't get enough watch out when you stand so close to me
I've got you under my skin
When we touch I can feel we've got a chemistry
Can't get enough watch out when you stand so close to me
I've got you under my skin

VERSE 2:

It turns me on when all your pupil you're my teacher teacher
Get in position that's my mission on the floor tonight
I've been exercised, sensitized ooooh
The way that you perform the close at torn right off the rig dab
Checking' the room again, un taming the beast within
And if they ask me why can't deny ooooh

CHORUS:

When we touch I can feel we've got a chemistry
Can't get enough watch out when you stand so close to me
I've got you under my skin
You send me off I can't wait to feel your hands on me
And when we rock feels just like the devil's riding' me
I've got you under my skin

C-PART:

Come over here, Boy
I want your one, one, one
I made a clear, boy
I want to have some fun
I want you
I wane you
I've got this feeling
And it just won't stop
It's getting so hot
Come help me take this off
I want you! wane you
under my skin

CHORUS:

When we touch I can feel we've got a chemistry
Can't get enough watch out when you stand so close to me
I've got you under my skin
You send me off I can't wait to feel your hands on me
And when we rock it feels just like the devil's right in me
I've got you under my skin
When we touch I can feel we've got a chemistry
Can't get enough watch out when you stand so close to me
I've got you under my skin
